Based on Science, Prepared with Skill,

And a Healthy action to the Liver, Kidneys, Secretive and Excretive Organs.

A DYING ZOUAVE

lay breathing his last on the battle field, his companions surged on and left him alone. They knew the cause of his approaching end it was the deadly bullet. No friendly voice could cheer him to life—no human skill could save him.

Thousands of Precious Lives

are to-day as rapidly sinking, and as surely tottering on to a untimely end, in suffering, Agony, Wretchedness, and

Ignor ance of the cause which

Science can arrest and assuage,
Nourish into new Life and Vigor,
And cause the Bloom of Health
To dance once more upon their withered Cheeks.

DISEASE, LIKE A THIEF,

Steals upon its victims unawares, and before they are aware of its attack, plants itself firmly in the system, and through neglect or inattention becomes

The will sired face—the shallow complexion
The feeble voice—the sunken, glassy eye?
The emaciated form—the trembling frame?
The treacherous pimple—the torturing sore?
The repulsive eruption—the inflamed eye?
The pimpled face—the rough colorless skin?

The answer is simple, and covers the whole ground in all its phases, viz: the

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

THURSDAY, MAY 5, 1870.

PUBLIC TAX AND BURDENS.

There was a time when nothing could arouse the public mind more than light, much less burdensome taxes, such as are now imposed upon a broken down and impoverished people.

The annual expenditures of the State government up to the year 1840, did not exceed $80,000. The tax this year of Wake county alone, exceeds that amount by several thousand dollars.

In former years when a canal was to be cut, a river to be cleared or a Railroad built, it was a subject of public discussion before the Legislature would venture to pass bills and levy taxes for the purpose.

The late Legislature, composed mainly of negroes, carpet baggers and scalawags, who paid little of no tax themselves, voted $26,000,000 for Railroads. Appropriated this amount with the full knowledge that only $13,000,000 worth of work could be paid out of this sum, as State bonds were selling for only 50 cents in the dollar.

No solvent, sensible man will attempt to improve his own estate by giving his note for a dollar when only 50 cents worth of work is done upon it, nor will he commit the public to such a policy.

Many of the members of the Legislature of 1848, who voted $8,000,000 for the North Carolina Railroad, were beaten in the next election because of the debt and burden they had put upon the State. The provisions of the bill were such that the Public Treasurer could not issue all the bonds at once, but only as the work progressed, and the wants of the contractors demanded.

This provision should have been incorporated in the Railroad bills passed by the late Legislature. An honest Legislature would have employed such checks against dishonest Railroad Presidents.

A Governor and Treasurer, who were properly alive to the public interest, would have spoken out when called upon to issue such a heavy amount of bonds to so many different, and indifferent Railroad Presidents.

The President of one Road, Geo. W. Swepson, as we are credibly informed, did not hesitate to avow that he had paid $241,000 to procure the passage of the bill concerning his, and other roads; while most of the other Presidents did the same thing, only in less amounts.

Dr. Sloan and Governor Holden's roguish friend, "Hon." John T. Dewease, were to receive $40,000 to procure the passage of the bill for the Atlantic, Tennessee and Ohio Railroad. Dr. Sloan, before the Bragg Committee, acknowledged the receipt of his half, which was $20,000. But Dewease failed to get his share, and, hence, he began the famous (or rather infamous) black-mailing suit in the name of Kehoe, alleging that the bill was unconstitutional.

This suit was heard and determined before Judge Watts; the Road paying $100,000 for a compromise. Of this sum, the Judge received $5,000, the counsel for the Plaintiff $77,000, Tim Lee $10,000, W. F. Askew $10,000, "Hon." Jno. T. Dewease $12,000, and the remainder, Littlefield says, was deposited with L. P. Bayne & Co., New York, for George W. Swepson.

Kehoe, so far as it appears from the evidence in the suit, received nothing, nor does it appear that he was ever seen in Court by the Judge, or his own counsel.

General Clingman, who was engaged in lobbying through some of these Railroad bills, appropriating the $26,000,000, and who received from Swepson a part of the $341,000, which he (Swepson) used as a corrupting fund, now threatens, in his address to the people, that the Constitution of the United States will compel them to pay this and the other Railroad debts which a vilely corrupt Legislature, for hire and pay, put upon the people.

The burdens of the people are so great, the taxes so heavy, that they could not pay it if they would, and should not if they could.

We have received the May number of that excellent Magazine, the "XIX Century."

This periodical is always full of interesting and instructive reading matter, and being a Southern enterprise, should have the support and patronage of all Southern people. Published at Charleston, S. C. price $3.50 per annum.

The Fifteenth Amendment celebration which took place in Wilmington on Monday, notwithstanding all the fuss and parade the Rads made over it, was but a shabby affair after all.

We take the following extracts, concerning it from the *Journal* of Tuesday last:

Republicans of Wilmington and this section met here yesterday for the ostensible purpose of ratifying the Fifteenth Amendment to the Constitution of the United States, but in reality for Dockery's benefit, and in which benefit Abbott (New Hampshire's Third Senator) was also permitted to participate. It was emphatically an Abbott and Dockery glorification. The weather was decidedly inauspicious. Rain was threatened long before the procession started through the streets, large drops from clouds rapidly spreading over the whole sky began to fall before it had formed, and by the time it reached its destination a heavy shower was pouring down, and continued with such violence that after short addresses an adjournment to the Theatre was necessarily effected.

* * * * *

It is estimated that this procession contained about 800 or 1,000 persons, and it is regarded as a very liberal estimate. Only between 20 and 30 white men were in the procession.

THE KU-KLUX QUESTION IN THE SENATE—RADICAL AND DEMOCRATIC RULE COMPARED.

In the United States Senate, Monday April 25th, when the matter of Ku Klux in Georgia, was being discussed, the following colloquy took place between that carpet bag villain, Abbott, who pretends to represent this State, and Mr. Thurman, of Ohio:

Mr. Abbott—The honorable Senator from Ohio denies that there are any Ku Klux.

Mr. Thurman—No, sir, I do not deny any such thing. I never denied any such thing. Your reconstruction acts were calculated to make Ku Klux. I do not wonder that they did make Ku Klux. After putting eight million people under the heel of military men, with power to try them by court martial and military commission, and hang them, in violation of the constitution, and then putting a set of ignorant field negroes above all the intelligence of the white race, and using those instrumentalities to send men to the Senate of the United States and to the House of Representatives of the United States; and put in the place of Governors and judges, men whose feet were hardly warm on the soil, I do not wonder it made Ku Klux. I am not justifying the Ku Klux.

Mr. Abbott—I think the Senator makes a very good defence of the Ku Klux.

Mr. Thurman—The Senator may say so. I say that it is quite natural there should have been Ku Klux. I am making no defence for them. But human nature, and you cannot trample out the impulses of the human heart by any laws you may make, not even by the Code of Draco itself.

Sir, you put these States in the hands of the "loyal" men. You had Tennessee in the hands of the loyal men; you have had Louisiana in the hands of the loyal men; you have got every one of these States in the hands of the loyal men, and in addition to all this you have had the military to help you. Now why is it that you have not had law and order and peace? Why is it in these States thus governed by Radicalism there has been this anarchy which is spoken of? Is it because they were slave States? Let me call the attention of the Senate to the fact that there were three other slave States. There was Delaware, there was Maryland, and there was Kentucky. They have not been reconstructed; they have not been under the rule of the loyal men, according to the definition of loyalty on this floor; and yet, in all this broad land, from the Atlantic to the Pacific, from Darien to the north pole, there has not been three more orderly States than Delaware, Maryland and Kentucky.—Under Democratic administration, law and order prevail in them; property, life and liberty are safe. It ought to be so, for the spirit of Democracy is the spirit of obedience to constitution and to law. It is the very incarnation of peace, law and order and the best thing you can do, Senators of the Republican party, the very best thing that could happen to restore law, order, peace, prosperity and happiness to that Southern country would be for Radicalism to abdicate there, and Democracy to be installed in power.

AUGUST ELECTION.—At the ensuing August election the following officers are to be elected:

1st. Members of Congress in the several districts;

2d. Members of the general assembly for their respective counties and districts;

3d. A county treasurer;

4th. A register of deeds;

5th. County surveyor;

6th. Five county commissioners;

7th. An attorney general;

8th. A coroner;

9th. A sheriff.

The following persons are entitled to vote:

Every male person born in the United States, and any male person who has been naturalized, twenty one years old, or upwards, who shall have resided in the State twelve months next preceding the election, and thirty days in the county in which he offers to vote, shall be deemed an elector and shall be entitled to registration upon application.

The polls are to be kept open on the day of election from 7 o'clock in the morning until sunset.

THE NEW LIEN LAW AND ITS EFFECTS.—A case under the new lien law was tried before Justice McQuigg yesterday. Wm. Rhoder brought an action against Allen Johnson for labor performed upon a flat and for hauling wood to this city. The plaintiff had filed a lien against the property under the new act, and judgment was obtained against the flat and wood, which will be sold by the Sheriff to satisfy the party holding the lien. It is proper to state that the flat does not belong to the defendant, but we are told that, no matter whether the property belongs to the holder or not, a lien can be obtained, making it responsible for the work performed upon it. This seems an exceedingly broad interpretation of the law, and makes it very sweeping in its effects, for, according to this, if A occupies a house belonging to B and employs C to repair it, and A fails to pay C for his labor, C can file a lien and obtain judgement against B's property for a debt contracted by A. This is making the property "good" for work performed upon it with a vengance.—*Wilmington Journal April 29th.*

SENTENCED TO BE HUNG.—A year ago last March, Burwell Hilton who was employed as a miller at Elliott's mill a mile and a half from this city was murdered in the woods on a Sunday morning, near the mill. Monroe Torrence, Josiah Henderson and Sykes Funderburg, all colored, were arrested, charged with the murder. Torrence and Henderson, at the following term of the Superior Court of this county made application for and obtained a change of venue to Lincoln county on the alleged ground that there was such a prejudice against their race in Mecklenburg that they could not obtain justice. Funderburg did not join in this application. Last Fall, Torrence made his escape from the Lincoln county jail, since which he has not been seen or heard from. The trial of the other two has been continued until last week, when Henderson was tried and convicted at Lincolnton. On Friday, he was sentenced by Judge Logan, to be hanged by the Sheriff of Lincoln county on the 8th of July.—*Charlotte Observer May 1st.*

THE WINNIPEG EXPEDITION.—Information was received here on Wednesday showing that the British expedition of ten thousand men would, in one way, pass over a portion of the territory of the United States. The troops, it is said, are to march overland through the British possessions, from the northern side of Lake Superior to the Lake of the Woods, while the supplies are to be placed in batteaux and taken from Lake Superior through the through the chain of lakes and rivers connecting with the Lake of the Woods, over American territory. As there is no substantial difference between allowing supplies and troops to go through the route named, there is no doubt that this Government, on learning more official details, will prevent the transit of British war supplies through the northeastern end of Minnesota.—*Washington Chronicle.*

THE AMNESTY PROCLAMATION.

The Herald's Washington correspondent has interviewed the President about the promised amnesty, and asked him whether he intended to issue it. The President smiled and replied:

"No, sir; I don't intend to issue an amnesty proclamation at all. My predecessor, President Johnson, exhausted that pretty thoroughly, (-milling;) but it is quite true that I did some time ago contemplate sending to Congress a special message recommending the removal of all disabilities. I thought that a fitting occasion for a message of the kind would be the restoration of Texas and the other States to the Union, believing that it would have the effect to promote general good feeling and harmony throughout the South; but since then there have been so many complaints about outrages in the South and requests for military interposition in some of the States—like Tennessee and North Carolina—that I have reconsidered my resolution. I have come to the conclusion that so long as the state of society in those districts is such as to call for military aid to preserve order it would be useless to recommend to Congress the removal of disabilities. For the present, therefore, I cannot send that message to Congress."

"I asked the President if it was true that he had had a message of the kind proposed ready to send to Congress. He replied, 'Yes, sir,' and went on to state that the document had been all ready, but its presentation was abandoned for the reasons already stated.

March the 13th, 1870.
North Carolina.

A HARRILL, Esq.:

SIR—I am a friend of law and order, and having learned that outrages have been committed in your locality, and being apprised that the Conservative-Democrats are responsible for all mischief done by the Ku-Klux. Now this is to notify you, A. HARRILL, JAMES WITHROW, Dr. PHILIP CARSON, WM. CARSON and SAMUEL BIGGERSTAFF will be held strictly responsible for any and all outrages hereafter committed in your section of country by said Ku-Klux, or regulators as you have been pleased to call them. Heed this or you will be made to repent.

LOVER OF THE LAW.

The above is a *verbatim et literatim* copy of a communication received by Amos HARRILL, two or three weeks since, from the Post Office at Oak Springs in this County. It is postmarked Rutherfordton, March 30th, 1870. The original can be seen at any time by application at our office.

The writer evidently tried to disguise his hand-writing, but as to his success, more anon. This is one of the lowest attempts to intimidate and put in terror, good and quiet citizens, we have ever known to be attempted in this once free country. The party or parties who penned it, are too cowardly and craven-hearted to risk their own rotten and corrupt carcasses in the attempt to execute the threat contained therein, but are not too good to make use of the ignorant and vicious tools under their control to burn and murder.

We can assure the writer, whoever he may be, that he has most signally failed in his purpose. All that the parties ask, who are threatened by this "Lover of Law," is an open field and fair fight.

Five more quiet, orderly, upright, law-abiding and respectable citizens cannot be found in the State than the parties threatened by this barn-burner and murderer!—*Vindicator.*

BRIGHAM YOUNG set his best speakers at work, as soon as the Cullom bill passed, to prepare the people for protesting, and as it would seem likely, for resisting. The mass indignation meetings at Salt Lake City were conducted in a manner combining the religious with the political, strongly fanical in each. Orson Pratt, who is next to Brigham in the Mormon list of dignitaries, takes the view of the matter which is most popular and likely to prevail with the staunch saints. He maintains the divine institution of plural marriages, and casts all responsibility upon the Deity. He boldly arrays Congress on the Almighty against each other in his harangues, and paraphrases the Apostle Paul in his appeals to the people to obey the divine mandates even to death. At the last meeting, held last week, a more sensible view of the matter was taken by Judge Stout. He asked whether, with female suffrage established in the Territory, and with railroads opening up the whole settlement to outside influences, Congress could not have been satisfied to let the religion die out, as it surely would do if false, instead of attempting to regulate it in this harsh manner. The same question has been asked here, and it gains greater force when we see the storm of fanaticism the Cullom bill has raised in Utah.

A WONDERFUL CANE.—Colonel Whitley suspecting an old wholesale dealer in counterfeit money, named Samuel Brown, to be engaged in passing it, sent one of his detectives to entrap him. Brown agreed to meet the detective at 193 Chrystie street yesterday, where he sold him two counterfeit $20 notes, purporting to be issued by the Oneida National Bank of Utica, at the rate of thirty-five cents on the dollar, and was immediately arrested. Being slightly paralytic, Brown was in the habit of walking with a cane, and this, upon examination, proved to have a screw head and to be hollow. The detective's curiosity becoming excited, he looked still closer and found that the screw head was fastened to a string, which, being pulled, forced out some $200 worth more of the same kind of counterfeits. Fastened at the end of the string was a button, which fitted closely in the hollow of the cane. Brown would lower the button, stuff in the "queer," screw on the head, and be ready for business without much fear of detection. He confessed his guilt, waived an examination, and was committed for trial.—*N. Y. Sun.*

WHAT THEY ARE PAID.—The pianist Ritter receives a salary of 8 000 francs per month, for which he makes himself generally useful. Herrmanns, the big six-foot basso, whose voice seems to come from his understraps, is paid $120 per week, and Pauline Canissa, who, as yet is a musical anomaly, gets the same. Prume received $150 per week. He has ceased his connection with the company. Hableman, the sweety-weak-voiced tenor of the company, who thinks of nothing but posturing and extra gutturalizing of his gutteral language, receives $50 for each performance. Karl Formes—poor old broken down Karl Formes—who once was a star of such magnitude that he alone would illumine the musical world of the metropolis, gets $100 a week to make a fool of himself.—*New York Star.*

A FRENCH GUNPOWDER STORY.—Cable reports were received on Saturday of an alleged new plot discovered in Paris by police "against the State and life of the Emperor." One account from Figaro said "part of the design of the plotters was to blow up the palace of the Tuileries and of the prefecture of the police." A later dispatch however, says "there is no truth whatever in the report of a conspiracy to blow up the Tuileries and the headquarters of the police." Other dispatches, however, show that there was trouble of some sort and some arrests, and that the international association of workmen are implicated.

THE SENTINEL.

CITY AND STATE ITEMS.

THURSDAY, MAY 5, 1870.

☞ THEO. N. RAMSAY, as Business Clerk, is authorized to make contracts and give receipts, &c., &c.

LOST.—In the city to-day three photographs which can be of no use to any one but the owner. The finder will be suitably rewarded by leaving them at the SENTINEL office.

PAINFUL ACCIDENT.—On yesterday morning while two servants, George Yancy, and Mary Haywood, employed at the residence of Rev. Dr. Mason, in this city, were engaged in cleaning up a room in the house, they indulged in the dangerous pastime of playing with a gun.

The gun having a cover over it no thought of its being loaded was entertained, and during the scuffle, it was discharged while in the hands of George, wounding Mary seriously in the cheek and shoulder.

The case was brought before His Honor, Mayor Harrison, who postponed its hearing until Friday; George being required to give a bond of $500, for his appearance, which he accordingly did.

All the facts of the case show that the shooting was purely accidental, resulting from the careless handling of a dangerous instrument.

DAVIDSON MONTHLY.—This is the title of a neat and well gotten up Monthly Magazine, which came to us a day or two ago.—It is under the care of the students of Davidson College, and is edited by six members of the senior class, chosen by the two Literary Societies. Messrs. Milner, Bell, Summey, Smith, Ramsey, and McAlpine, have the editorial charge of it at present, and the number now before us (April) certainly gives evidence that the above named gentlemen are fully up to their work, and intend to make their Magazine worthy of the Institution from whence it comes.

Rutherford county was visited on Friday last, by a terrible hail storm. In some localities, says the *Vindicator*, the hail was as large as hen's eggs, and considerable damage was done to the wheat and young corn.

The District Agricultural Convention which assembled at Weldon, on Monday last, organized a society to be known as the Roanoke and Tar River Agricultural Society. We learn from the *News* that eight counties were represented, and that the most prominent citizens of that section took an an active part in the proceedings.

The press of both Virginia and North Carolina were fully represented.

Jno. C. James, Esq., we regret to learn, has resigned his position as Local Editor of the Wilmington *Journal*, to embark in another business.

Mr. James is a talented and sprightly writer, and in his withdrawal, the Press of the State loses one of its brightest ornaments. Though we never had the pleasure of meeting Mr. J. but once, yet that brief acquaintance, was sufficient to confirm the many reports we had heard of his gentlemanly deportment and brilliant accomplishments. We heartily hope that success may crown his efforts in his new undertaking.

The following prisoners have been recently discharged from the Penitentiary:

April 12, William Barnett, Person county.
" 29, Solomon Craig, Orange county.
May 3rd, John Morritt, Davidson county.
" " Alfred Smith, " "

NEW PAPER.—Messrs. Geo. E. Pittman & Brother will shortly commence the publication of a Tri Weekly newspaper in Newbern, to be called the Newbern *Courier*. The paper will have nothing to do with politics, but be simply a *newspaper*. The price of subscription is fixed at $3 per year.

We hope the new firm will meet with much success in their enterprise.

We learn, says the Charlotte *Observer*, that on last Friday morning, Mr. John McCraney, an esteemed citizen of this county, was thrown from his buggy and killed, about a mile this side of Lancaster village, S. C. Mr. C. had been to Lancaster to collect some money which was due him there, and was returning home when the sad accident happened.

CONVENTION WEEK.—Mr. A. J. Rutjes, proprietor of the National Hotel, Raleigh, N. C. respectfully informs his friends and the public in general, that he has made ample preparations for the accomodation of seven hundred guests during Convention week. Parties wishing to obtain rooms are requested to inform Mr. Rutjes, by telegraph or letter, a day or two in advance, so as to avoid all confusion. The dining room during that week will be conducted on the European plan, meals at all hours.—The proprietor has also opened a first class bar for the accomodation of his guests, where the choicest liquors and finest brands of imported and domestic cigars can be obtained. d5t.

JOHNSTON COUNTY CONVENTION.

We are requested to give notice that there will be a Convention of the Conservatives of Johnston County at Smithfield, on Saturday, May 14th, to take steps in regard to the approaching campaign. All who are opposed to the present corrupt and extravagant State administration, are invited to participate, without regard to race or color.

MANY CITIZENS.
April 19th 1870.

The company of the Mississippi Central Railway have compromised with the persons or the representatives of persons, injured by the accident near Oxford, in February, on the most liberal terms, and no suits will be instituted against the company. To the family of the late Capt. Speer, of Rankin county, damages to the amount of ten thousand dollars have been awarded, and other sufferers have been alike generously dealt with.

THE RICHMOND TRAGEDY.

In response to the resolutions passed at the recent meeting of citizens of this place in reference to the late Richmond calamity, yesterday was observed as a day of humiliation and prayer. At 10 o'clock, A. M., all places of business were closed, and the tolling of the various church bells, announced that religious services were about to take place.

Soon the streets wore a deserted look, and the hush of noise and bustle gave evidence of the deep feeling of solemnity which prevaded the entire community.

At the Methodist Church, Rev. Mr. Dally preached to a large congregation, an appropriate and most impressive sermon, taking his text from the 24th chapter and 44th verse of Mathew, "Therefore be ye also ready: for in such an hour as ye think not, the Son of man cometh." We regret that we are not able to give a synopsis of it to our readers.

According to previous announcement, Rev. Wm. E. Pell, conducted the services at the Baptist Church. He delivered an excellent discourse, taking for his text the 6th verse of the 3d chapter of Amos, "Shall there be evil in acity, and the Lord hath not done it?"

He showed that there was no such thing as accident, or chance, or fortune, but that all events have an adequate cause, and that cause, the law of God.

—Evil exists, both moral and natural evil—both the effect of sin—that God was in no sense the author of moral evil.—The evil referred to was natural evil—God's instrument to warn, to discipline or to destroy.

The Richmond calamity, the speaker said, was one of those natural evils—like war, pestilence, famine, the darthquake, tornado, &c. All these were in the order of God and under his control. They were his instruments of wrath, but nevertheless, were mingled with mercy. Happy for our race that God held these in his hands and had not transferred them either to man or to satan. The speaker dwelt upon the particulars of the Richmond tragedy.

The subject taught, that all events occur within the order and control of divine providence. That private or public calamity should humiliate us. That all earthly hopes and calculations are uncertain and unreliable. That our only security is in God's favor and approbation, and that seeing death or other calamity must be our lot, we should be ready—always ready.

At the Presbyterian Church, solemn and impressive services were held, conducted by the Pastor, Rev. J. M. Atkinson.

After beautiful and appropriate prayers and hymns, an earnest and forcible sermon was delivered by the Pastor, from 1st Corinthians, Ch. 9th, 31st verse. "For the fashion of the world passeth away."

We have heard the sermon spoken of by those that heard it, as being replete, with fervid eloquence and christian zeal.

The exercises in Christ Church (Episcopal) were of a very solemn and impressive character. The services were read by the Rev. Bennett Smedes, and the sermon preached by the Rev. Aldert Smedes, D. D. The reverend Speaker enforced, with great earnestness and eloquence, the lessons inculcated by the recent catastrophe, and impressed the duty of repentance with much power. The sermon was replete with illustration and practical teaching and was listened to with great attention. The services were cluded by the singing of that beautiful hymn —"Nearer, my God, to the;"—a hymn embodying the aspiration so earnestly to be desired as the result and effect of the calamities to which individuals, communities or nations may be subjected by the visitations of Providence.

There was mass at St. John's Church at 7 o'clock A. M. and the church thrown open all day, according to the announcement of Rev. J. V. McNamara, Pastor, on Sunday last.

THE following is the response of Gov. Walker, of Virginia, to the resolutions passed by the recent meeting of State officials, upon the reception of the news of the Richmond catastrophe:

RICHMOND, VA., May 2, 1870.

W. R. Richardson, Esq., Secretary, &c., Executive Department, Raleigh, N. C.:

SIR—His Excellency, Governor Walker, has directed me to acknowledge the receipt of your favor of the 29th ult., enclosing a copy of the proceedings of a meeting held the same day in the Executive office at Raleigh.

His Excellency instructs me to say that the people of Virginia are profoundly grateful for the many evidences of kind sympathy which their sad affliction has called forth from their fellow-citizens of the other States of the Union, and will heartily appreciate the action taken by the representatives of the Executive Departments of the State of North Carolina. It will afford him a melancholy pleasure to give the resolutions adopted the proper disposition.

I have the honor to be
Very Respectfully
Your Ob't Servant,
F. H. OWENS,
Col. and A. D. C.

The following is the reply of Mayor Ellyson, to the resolutions adopted by the citizen's meeting:

RICHMOND, Va. May 2nd.

Hon. W. H. Battle, Raleigh, N. C.

DEAR SIR:—The injuries received on Wednesday last, preventing my attention to business until to day, I could not sooner acknowledge the receipt of the resolutions adopted by the citizens of Raleigh, at the public meeting over which you presided.

In behalf of our afflicted people, I thank the citizens of Raleigh for their sympathies in our sore trial. Up to this afternoon, sixty one victims of the terrible calamity have died. Two hundred and twenty-seven others are known to have been wounded. A few of the latter, are yet in a critical condition.

With very great respect,
Your obedient servant,
(SIGNED) H. K ELLYSON, Mayor.

It is a very curious circumstance that no ordinary negro field-hand from the South, were he to remove to Massachusetts, could vote—first, because from his poverty he could not pay taxes; and second, because he could not read or write.—*New York World.*

A NEW DISCOVERY!!
PHALON'S
"VITALIA;"
OR,
Salvation for the Hair.

CLEAR AS WATER!
WITHOUT SEDIMENT!!
OPEN TO THE LIGHT!!!

For Restoring to Gray Hair its Original Color.

PHALON'S "VITALIA" differs utterly from all the hair coloring preparations heretofore used. It is limpid, sweet smelling, precipitates no muddy or slimy matter, requires no shaking, imparts no stain to the skin. Hold it to the light and it is clear and cloudless. It leaves no mark on the scalp; yet it reproduces in gray hair the natural color that time or sickness may have bleached out of it.

☞ Phalon's Vitalia ☜

is for one sole purpose, that of reproducing, with absolute certainty, the natural color of the hair. It is not intended as a daily dressing, nor for removing scurf or dandruff; nor for curing baldness; nor for stimulating the growth of the hair.—These objects may be accomplished after the color has been fixed with the Vitalia, by Phalon's Chemical Hair Invigorator.

THE VITALIA is a harmless and unequaled preparation for the reproduction of the original hue of gray hair, and nothing else. This is accomplished in from two to ten applications, according to the depth of shade required. Sold by all druggists.

WILMINGTON NORTH CAROLINA
LIFE INSURANCE COMPANY.

BOARD OF DIRECTORS:

GEORGE W. WILLIAMS
B. F. GRADY,

OFFICERS OF THE COMPANY:

JOHN DAWSON.....PRESIDENT.
B. F. GRADY.....VICE PRESIDENT AND TREASURER.
ALEXANDER JOHNSON, JR.....SECRETARY.
DR. E. A. ANDERSON.....MEDICAL DIRECTOR.
WM. A. WRIGHT AND C. M. STEDMAN.....ATTORNEYS.
HON. ELIZUR WRIGHT.....CONSULTING ACTUARY.
REV. B. F. MARABLE.....GENERAL SUPERVISING AGENT.

THE PRINCIPAL OFFICE OF THE COMPANY IS LOCATED IN WILMINGTON, NORTH CAROLINA, No. 5, NORTH FRONT STREET.

THIS COMPANY WAS CHARTERED BY THE LEGISLATURE OF NORTH CAROLINA IN February 18 9. The Charter is perpetual, and is very liberal in its provisions.

CAPITAL STOCK $300,000,

WITH PRIVILEGE TO INCREASE IT TO

$1,000,000.

The Board of Directors beg leave to say to the people of North Carolina, that this is emphatically A "HOME INSTITUTION." The stockholders are all North Carolinians; the members of the Board of Directors are all North Carolinians; the officers of the Company are ALL NORTH CAROLINIANS; and the Agents of the Company are all North Carolinians.

Most of the States of the Union, in which Insurance Companies are located, require a heavy deposit from Companies located in other States before being allowed to do business in them; and the Board of Directors of this Company, believing that it was nothing more than "EVEN HANDED JUSTICE" that the Legislature of North Carolina should pass a law requiring such Companies located outside of this State to make a deposit with the Treasurer of the State before being allowed to do business in it, petitioned the Legislature at its late session for the passage of such a law, but that Honorable body turned a deaf ear to our humble petition and refused to do so. NOW, we humbly submit that if it is just and right that Insurance Companies LOCATED IN NORTH CAROLINA should be required to make a deposit with the Treasurer of any of her sister States before being allowed to do business in them; then it is equally just and right that Insurance Companies located in such sister States should be required to make a deposit with the Treasurer of North Carolina before being allowed to do business in this State. The Legislatures of other States afford

PROTECTION TO THEIR INSURANCE COMPANIES,

and why in the name of common justice should not the Legislature of North Carolina do the same thing? Has the time not yet come when the "Rip Van Winkle of the South" should wake up? Are the people of the "Good Old North State" to remain forever behind their neighbors in the MARCH OF IMPROVEMENT? Why is it that we cannot establish institutions of our own and protect and support them, and thereby keep our money at home to benefit our own people, in the same manner that the citizens of other States do? Look at the hundreds of thousands of dollars which go out of the pockets of the people of North Carolina annually, to enrich the Insurance Companies and benefit the people of other States; and what is worse than all, it goes to benefit the people of States which refuse to allow NORTH CAROLINA INSURANCE COMPANIES to do business in them without making a heavy deposit. We have not a single word to say against the Insurance Companies of other States; but as the Legislature of other States afford protection to their Insurance Companies, when such companies in this State are refused protection by our Legislature, we humbly submit that it is the duty of the people of the State to patronize and SUSTAIN OUR OWN COMPANIES; for by doing this they are but simply doing justice to themselves.

The Board of Directors and Officers of this Company assure the people of North Carolina that the Company commences the work of Life Insurance upon a SOUND AND RELIABLE BASIS; and they hereby pledge their honor that the management of the affairs of the company shall be such as will give perfect security and safety to all who may patronize it.

Our Table rates were calculated by the Hon. Elizur Wright, the world-renowned Actuary, and may be relied upon as being correct.

This being a "HOME INSTITUTION," we have no long list of Directors and Stockholders, composed of distinguished gentlemen of other States to spread before you; but we have a respectable list of Stockholders, all of whom are North Carolinians, and a large portion of them will be recognized as being some of the BEST CITIZENS OF THE STATE. Nor have we a long array of names of eminent gentlemen abroad to refer to; but we respectfully refer to the good citizens generally of this community.

PURELY MUTUAL. DIVIDENDS PAYABLE AT THE END OF THE FIRST YEAR AND ANNUALLY THEREAFTER.

The insuring public should not allow itself to be deceived with regard to the term "Annual Dividends." Many companies using this expression mean that their dividends are "annual" AT THE TIME THEY ONCE BEGIN TO PAY THEM AT ALL; but they DO NOT BEGIN TO PAY until the settlement of the third, fourth, or fifth premium.

One hundred Dollars paid in dividends at the end of *one year*, and each year thereafter, equals FOUR HUNDRED AND THIRTY SIX DOLLARS paid at the end of FOUR YEARS, interest at six per cent.

Applications for Assurance may be made to any of the Society Agents throughout the country, or in person or by letter to the General Agents.

Gentlemen of character desirous of forming a connection with the Society as Agents are invited to communicate with its General Agents.

NON-EXPLOSIVE COMBINATION BURNING FLUID
THE CHEAPEST, BEST AND SAFEST ILLUMINATING AGENT IN THE WORLD!!

No more Exploded Cans!—No more Exploded Lamps!
No more Smoke!—No more Grease!
No more Fires!!
EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!

IT costs less!—It lasts longer!—Gives a more Brilliant Light!—May be burned in hand lamps, without chimney.

Guaranteed to make a better and safer Light than Coal Oil and to be NON-EXPLOSIVE!!!

No accidents have ever happened with it.

Protected by Copy right for 28 years from May 8th 1868.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and uninjurious to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe and brilliant* illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

The Stock of this Company is owned by the Capitalists of Louisville, Ky., and St. Louis, Mo. It is emphatically a Western and Southern Institution.

The DE SOTO has no desire to exalt its merits over those of other good Companies, nor to prosper on the decline of others, laboring in the same fields, and for the same grand object. Confident of its equal advantages with others, of whatever age or standing, it is willing to labor honorably for success, and hopes to deserve the public confidence by its energy, industry, and liberal spirit,

From the Missouri Republican.

"Few Companies have started out with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, JAMES H. LUCAS, needs not a word of commendation from us. He enjoys a general reputation as a gentleman of wealth, unquestioned integrity, practical good sense, sound judgment and splendid business capacity.

The Directors rank among the first class of our merchants, bankers and citizens, as men of capital, financial ability and experience: men of probity and unblemished reputation. In the character of such a Directory, the community have the best guarantee that the business of the Company will be prudently and judiciously managed."

We will pay $1000 for any machine that will sew a stronger, more beautiful, or more elastic seam than ours. It makes the "Elastic Lock Stitch." Every second stitch can be cut, and still the cloth cannot be pulled apart without tearing it. We pay Agents from $75 to $200 per month and expenses, or a commission from which twice that amount can be made. Address SECOMB & CO., PITTSBURGH, PA.; BOSTON, MASS., or ST. LOUIS, MO.

CAUTION.—Beware of all Agents selling Machines under the same name as ours, unless they can show a certificate of agency signed by us. We shall not hold ourselves responsible for worthless Machines sold by other parties, and shall prosecute all parties either selling or using Machines under this name to the full extent of the law, unless such Machines were obtained from us or our Agents. Do not be imposed upon by parties who copy our advertisement and circulars and offer worthless Machines at a less price.

UNPRECEDENTED SUCCESS

Medal Awarded by the Paris Exposition, 1867;

THE AMERICAN COMBINATION
Button Hole & Sewing Machine

Has been honored with the *highest award* in premiums and diplomas wherever entered for competition at *fairs* and *exhibitions* held during the past season.

THE SIMPLICITY, EASE AND CERTAINTY with which this machine operates, as well as the uniform excellence of its work, throughout the entire range of Sewing, in

Stitching, Hemming, Felling, Tucking, Cording, Braiding Quilting, Gathering & Sewing on, Overseaming, Embroidering on the Edge, and its Beautiful Button-Hole and Eyelet Hole Work.

Place it unquestionably far in advance of any other similar invention.

It is also the CHEAPEST intrinsically, as well as the BEST, since it is really TWO MACHINES combined in one, (by a simple and beautiful mechanical arrangement never before accomplished by human ingenuity,) making either the Lock Stitch or Button-Hole Stitch, as occasion may require. It is, at the same time, simple in construction, comparitively noiseless, easily understood, and in a word, it combines with these ADVANTAGES, EXCLUSIVELY ITS OWN, THE MOST DESIRABLE QUALITIES OF ALL OTHERS.

The public are invited to examine this remarkable machine at Mrs Tompkins' Boarding House, (Mrs. Thompson's old stand,) Fayetteville Street, and at Watson's Photographic Gallery.

Its Policies are liberal; its premiums moderate and made easy; its losses are paid promptly and its investments are made on the most solid basis, being principally in improved *real estate worth twice the amount invested, paying ten per cent per annum.*

All its Policies are non-forfeitable and all participate in the profits from the beginning. Dividends declared and applied annually to policy holders on the contribution plan.

The Company is strictly Mutual, and the profits of its business are paid not to stockholders but to its policy holders.

An equitable surrender value paid to all, who through misfortune are unable to keep up their policies.
